Release: Immediate

KEC Now Offering Paperless Billing

Kootenai Electric Cooperative (KEC) is now offering its members eBill, a new paperless bill option, providing the convenience of receiving and paying their bill online, reducing printing and paper costs as well as having a positive impact on the environment.

KEC strives to provide excellent member service while keeping costs down and paperless billing does just that. KEC members who choose to participate in paperless billing will no longer receive a bill in the mail, but will be notified by email each month when their bill is ready to be viewed and paid online.

Paperless billing saves time by allowing easy and convenient viewing and payment online. It means less paperwork for our members and also saves postage and fuel costs associated with mailing in or making a payment in person, and saves paper and printing costs for KEC.

eBill and paperless billing are just some of the billing and payment options KEC members have under our Member's Choice program. KEC also allows members to make payments by phone, make recurring payments, pay online, and by check or cash at our office.

KEC members who sign up for paperless billing between now and September 30, 2011 will be entered to win one of three \$100 KEC energy credits. For more information regarding KEC's new paperless billing option, or to sign up, members should login to their account at www.kec.com or may contact KEC at (208) 765-1200 or email us at kec@kec.com.
