E-mail Address			

### Electric Vehicle Information

Model Year	Make	Model
------------	------	-------

### Charger Information

Manufacturer
Model
Serial Number

### Set It and Forget It

A Level 2 programmable charger allows members to selectively charge their vehicles during our non-peak hours—between 10 p.m. and 5 a.m. Non-peak charging benefits KEC members by spreading out our electric load over time, which reduces the need for costly system upgrades. We encourage you to program your charger to charge your EV during this time.

I certify that the above items were purchased and installed at the above listed service address. I will allow a Kootenai Electric Cooperative (KEC) representative to verify installation and/or operation at their discretion. I understand that it is my responsibility to ensure the items were installed in compliance with applicable codes. KEC disclaims and is free from all liability arising from the installation and/or operation of the said items. I also understand the KEC will make the final determination of any incentive that I will receive. KEC rebate programs are subject to change without notice.
