Re: Addendum #1: Revised Design, Construction Units
Capital Project 340-S Twin Beaches
KEC Contract No. 190814

KEC Bid Contract No. 190814 covering Project No. 340-S Twin Beaches is hereby amended as follows:

Updated Design/Construction Units: The design for this project has been amended due to the obtainment of a key easement last week. New staking sheets have been issued as well as revised construction units. The staking sheets and units are included in the re-issued contract and updated contractor bid spreadsheet, both available on the KEC website under FEMA Bidder Information, Project 340-S. This change was discussed and updated staking sheets distributed in the pre-bid meeting held Tuesday, August 27, 2019.

Complete, date, sign and return this bid addendum with your proposal acknowledging its receipt and your understanding of the additional terms and conditions being imposed by it. This Addendum is hereby incorporated into the contract associated with this project and as such modifies the work scope and conditions specified by the Contract.
